

# S.T. and C.C. Boggess

Following from the *Greenfield Republican* Holiday Issue 1902-1903

DRS. S. T. & C. C. BOGGESS.

It is rarely one finds such a handsome dental office as that occupied by Drs. S. T. & C. C. Boggess. Every device for the comfort and even luxury of the patients has been introduced and that uncomfortable feeling experienced in so many dental parlors is here entirely absent. This attention towards the comfort of patients is, no doubt, somewhat responsible for the large practice Drs. Boggess enjoy. All the latest methods for the safe, speedy and painless extracting and crowning of teeth are here employed. Every tool—no matter what the price—necessary or even helpful in the business has been installed and a race with progress has ever been the rule. Considerable favorable comment has been made on the fine workmanship put into sets of teeth turned out by this firm. Nothing better in the way of complete sets, fillings or crowns can be obtained of the highest priced dentists in Cincinnati and the prices are far below those charged there.

When you want dental work done right call on Drs. Boggess. Their office is on Jefferson street directly opposite the Town Hall.
