Coal is unusually high this winter it is true, but it can be obtained from Henry Ennis at as low a price as

it can anywhere. His yard at Fifth and Pine streets is always stocked with high grade Jackson, Wellston, Hocking Valley, Nut and New River smokeless coal to be had at the lowest possible price and in quantities to suit. Mr. Ennis' trade, owing to the quality of the coal furnished, honest weights, prompt delivery and courteous treatment, has grown wonderfully in the last few years.
